BILL NO. 00-24

AS AMENDED

Section 1. Be It Enacted that Chapter 202, Plumbing, of the Harford County Code, as amended, be and it is hereby repealed and reenacted and all to read as follows:

**Chapter 202. Plumbing**

**§ 202-1. Adoption of standards.**

A. The National Standard Plumbing Code, [1993, with 1994 Supplement] 1996, (hereinafter referred to as the Plumbing Code), is hereby adopted and, by reference thereto, is made a part of this chapter with the same force and effect as though set out in full herein, except for such changes, amendments and revisions as are specified in this chapter. At least two [(2)] copies of Plumbing Code and supplements thereto are on file and open for public use, examination and inspection in the office of the Director of Administration.

B. The National Fuel Gas Code, N.F.P.A. 54 (A.N.S.I. Z-223.1), [1992] 1996 Edition, as published by American Gas Association and National Fire Protection Association, is hereby adopted and, by reference thereto, is made a part of this chapter with the same force and effect as though set out in full herein, save and except for such changes, amendments and revisions as are specified in this chapter. At least two [(2)] copies of the standards and supplements thereto are on file and open for public use, examination and inspection in the office of the Director of Administration.

**§ 202-2. Purpose.**

The purpose of this chapter is to provide practical plumbing and gas fitting regulations to safeguard persons and gas fitting conditions in Harford County.

**§ 202-3. Scope and applicability.**

The provisions of this chapter shall apply to and govern plumbing and gas fitting regulations to safeguard persons and gas fitting conditions in Harford County.

1    **§ 202-4. Modifications.**

2           The following sections are changes or additions to certain sections of the Plumbing Code:

3           A.     The definition of “plumbing” in Subsection 1.2 is deleted and the following is  
4     inserted in lieu thereof:

5           “Plumbing: the practice, materials and fixtures used in the installation, maintenance,  
6     extension, alteration and removal of all piping, plumbing fixtures, plumbing appliances, and  
7     plumbing appurtenances in connection with any of the following: sanitary drainage, storm  
8     facilities, venting systems, public or private water supply systems, within or adjacent to any  
9     building structure or conveyance; also the practice and materials used in the installation,  
10    maintenance, extension, alteration or removal of storm water, refrigeration and air conditioning  
11    drainage, liquid waste or sewage, and water supply, of any premises to their connection with the  
12    water supply system or to an acceptable disposal facility. ‘Plumbing’ also means the practice and  
13    materials in the installation, repair, service and replacement of gas piping, gas utilization  
14    equipment, and associated accessories.

15           Except for the initial connection to a potable water supply downstream of the backflow  
16    preventer and the final connection that discharges indirectly into a public or private disposal  
17    system, the following are excluded from the definition: all piping, equipment or material used  
18    exclusively for environmental control, for incorporation of liquids or gases into any product or  
19    process for use in the manufacturing or storage of any product, including product development,  
20    or for the installation, alteration, repair or removal of automatic sprinkler systems installed for fire  
21    protection only or their related appurtenances or standpipes connected to automatic sprinkler  
22    systems or overhead or underground fire lines beginning at a point where water is used exclusively

1 for fire protection.”

2 B. The definition of “[p]Plumbing [b]Board” is added to Subsection 1.2 as follows:

3 “‘Plumbing Board’ means the Harford County Plumbing Board as found in Chapter 16,  
4 Section 16-7 of the Harford County Code.”

5 C. A new Subsection [7.2.7] 7.10.5.G, entitled “Faucet Installations,” is added as  
6 follows:

7 “Fiberglass or plastic tub and shower enclosures cannot be installed with faucets  
8 back-to-back unless approved by the administrative authority.”

9 D. Subsection 2.16(E) is deleted and the following is inserted in lieu thereof:

10 “Water lines shall not be installed in exterior walls. Exterior walls shall be considered to  
11 be any wall not heated on both sides.[”]

12 EXCEPTIONS:

13 1. IN CASES WHERE THE INSULATION ‘R’ FACTOR BETWEEN THE  
14 OUTSIDE OF THE EXTERIOR WALL AND THE PIPING IS EQUAL TO OR GREATER  
15 THAN REQUIRED BY THE BUILDING CODE.

16 2. IN CASES WHERE AIR VENTS ARE INSTALLED IN SUCH A  
17 MANNER AS TO ENSURE INFILTRATION OF CONDITIONED AIR TO THE PIPING.”

18 E. A new Subsection [10.15.8] 10.15.9.A, entitled “[Water] DRIP Pans,” is added  
19 as follows:

20 (1) “Water heaters and clothes washing machines, when installed above  
21 finished areas, shall be installed in an approved pan and drained to an approved point of  
22 discharge.”

(2) "Where required, pans shall be of approved plastic or galvanized metal, be leak proof, and have sides a minimum of two inches high."

F. A new Subsection [7.29] 7.2.A, entitled "Maryland Accessibility Code," is added as follows:

"Plumbing fixtures, materials and clearances for those fixtures shall be accessible to individuals with disabilities as specified in the Maryland Accessibility Code, Code of Maryland Regulations 05.02.02, et seq."

G. Subsection 2.16(a) is deleted and the following is inserted in lieu thereof:

"Water service piping shall be installed below record frost. Minimum earth coverage shall be forty-two (42) inches."

H. A NEW SUBSECTION 2.169(B) IS ADDED AS FOLLOWS:

"MINIMUM EARTH COVERAGE FOR A BUILDING SEWER SHALL BE TWELVE (12) INCHES."

[H]I. Subsection 2.19.1 is deleted and the following is inserted in lieu thereof:

"The water distribution and drainage systems of any building in which plumbing fixtures are installed shall be connected to a public water supply or public sewer system, respectfully, if the public water or public sewer system is within ten (10) feet of any property line of the premises, or other reasonable distances as determined by the administrative authority."

[I]J. Subsection 6.1.1 is added as follows:

"A grease interceptor shall be required in restaurants and other similar establishments, except in special cases as determined by the administrative authority. The minimum size of grease interceptors shall be one thousand (1,000) gallons. The grease interceptor shall be located outside

1 of the building unless otherwise determined by the administrative authority.”

2 [J]K. A new Subsection 10.6.6, entitled “Water [s]Service,” is added as follows:

3 “Approved water service piping to the point of entrance of a building including piping to  
4 the pressure reducing valve shall have a minimum pressure rating of [250] 200 p.s.i., 73°F.  
5 Acceptable materials for a water service include brass pipe, copper tube or copper pipe, cast iron  
6 water pipe, polyethylene plastic tubing, and chlorinated polyvinyl chloride service pipe. Copper  
7 tube or copper pipe when used under ground may not be less than type L. All threaded ferrous  
8 pipe and fittings shall be galvanized or cement lined and when used under ground in corrosive soil  
9 or filled ground, shall be coal tar enamel coated, or the equivalent and threaded joints shall be  
10 coated and wrapped when installed.”

11 [K]L. A new Subsection 10.6.7, entitled “Distribution Pipe,” is added as follows:

12 “Water distribution system pipe shall be of brass pipe, copper tube or copper pipe,  
13 galvanized steel pipe, polyethylene and chlorinated polyvinyl plastic when approved for hot or  
14 cold use. Copper tube or copper pipe when used underground may not be less than type L and  
15 when used above ground may not be less than type M.”

16 [L]M. A new Subsection 10.6.8, entitled “Water Meters,” is added as follows:

17 “Each dwelling unit in a carriage court dwelling, as defined in § 267-4 of the Harford  
18 County Code, must have a private individual water meter.”

19 [M]N. Subsection 10.14.6 and Figures 10.14.6A and 10.14.6B are deleted and the  
20 following is inserted in lieu thereof:

21 “Excessive [p]Pressures.

22 1. On all public water supply systems an approved pressure reducing valve

shall be installed in the building water service near its point of entrance to the building. Pressure to the building water distribution system shall be limited to a maximum pressure of 70 p.s.i.

2. On all public water supply systems, the water distribution system shall be relieved of pressure from thermal expansion by one of the following methods:

A. Air chambers when equipped with an accessible means for restoring the air.

B. Approved mechanical devices. Pressure at any fixture[s] shall be limited to no more than 70 p.s.i. under no-flow conditions.

EXCEPTION: Where the water service pipe supplies water directly to:

- 1) A water pressure booster system;
- 2) An elevated water gravity tank; or
- 3) Pumps provided in connection with a hydropneumatic or elevated gravity water supply tank system."

THE FEE TO OBTAIN AN ON SITE UTILITY CONTRACTOR'S CERTIFICATE SHALL BE \$45.

[J]K. Practice of plumbing and gas fitting. No person shall engage in plumbing or gas fitting as defined in this chapter in Harford County, unless that person has been duly authorized to do so by the issuance of one of the foregoing certificates.

[K]L. Fees for certificate of registration and exams. Fees shall be as set forth in Chapter 157 of the Harford County Code.

[L]M. All such certificates shall be renewed each year by payment of renewal fee equal to the original charge set forth herein prior to the first day of May. Such certificates shall be issued for one year beginning May 1st, and expiring April 30 in the succeeding year.

[M]N. The administrative authority may, in its discretion, suspend or revoke the certificate

1 of any person who makes any false or misleading statement in an application, or who sells, lends  
2 or otherwise permits any improper use of a certificate or who obtains permits for others to do  
3 plumbing or gas fitting work, who fails to maintain a regular place of business, or who commits  
4 any violation of the Harford County Plumbing or Gas Fitting Code.

5 [N]O. Upon receipt of written requests directed to the administrative authority, the  
6 administrative authority, in its discretion, may suspend or revoke the certificate of any person who  
7 commits any violation of the Harford County Plumbing and Gas Fitting Code or any other law or  
8 regulation governing the conduct of the plumbing and gas fitting business.

9 (1) No certificate shall be suspended or revoked except after public hearing  
10 before the administrative authority of which the certificate holder shall receive at least five days  
11 notice in writing, together with a statement of the charges. Upon such hearing, the administrative  
12 authority may suspend any certificate for such a period of time as it may find proper, or may  
13 revoke same.

14 (2) In the event of a revocation, no application for the reinstatement of a  
15 revoked certificate shall be entertained until the expiration of six months from the date of such  
16 revocation. At the end of such six month period, the administrative authority may, in its  
17 discretion, reinstate a revoked certificate.

18 [O]P. Any certificate holder shall notify the administrative authority immediately of any  
19 changes in location of business, employer, or phone number.

20 **§ 202-6. Permits.**

21 A. No work authorized under this title, unless excepted in this chapter, shall be  
22 undertaken without a permit therefore issued by the Department of Inspections, Licenses and

## AS AMENDED

1 Permits. Only master plumbers/gas fitters, master gas fitters, [and] well pump/water conditioner  
2 installers AND ON SITE UTILITY CONTRACTORS shall be eligible to receive permits and then  
3 only to the extent that they are authorized to do work under this Code.

4 B. A plumbing permit required by the administrative authority may be issued to a bona  
5 fide owner of a single family dwelling occupied exclusively by the owner to do any plumbing work  
6 regulated by this Code on the dwelling, on condition that such work is done in compliance with  
7 this Code. The owner must be qualified by the administrative authority before a permit may be  
8 issued.

9 C. Permits not required:

10 (1) General repairs. No permit shall be required for the replacement of faucets,  
11 ball cocks, exposed fixture traps, or shut-off valves.

12 (2) Stoppages and leaks. No permit shall be required for the clearing of  
13 stoppages or repairing of leaks, when such repairs do not require the replacement of plumbing  
14 fixtures or any portion of the drainage system.

15 D. Permit fees. The schedule of fees for the issuance of permits for plumbing and gas  
16 fitting work shall be as designated in Chapter 157 of the Harford County Code, as amended.

17 E. Change of master plumber/gas fitter.

18 (1) A permit may be canceled by one master plumber/gas fitter, MASTER GAS  
19 FITTER, WATER PUMP CONTRACTOR OR ON SITE UTILITY CONTRACTOR and a new  
20 permit issued to another master plumber/gas fitter, MASTER GAS FITTER, WATER PUMP  
21 CONTRACTOR OR ON SITE UTILITY CONTRACTOR upon the written request of the owner  
22 of the property or the owner's agent. There shall be a seven [(7)] working day waiting period

1 before issuing a new permit. The seven [(7)] working day waiting period begins when the  
2 Division of Plumbing Services receives such request from the owner or owner's agent. During  
3 this time the original plumber/gas fitter will be notified by the administrative authority that the  
4 owner or owner's agent has submitted such request to the Division of Plumbing Services.

5 (2) After seven [(7)] working days, a new permit may be issued. At this time,  
6 the new master plumber/gas fitter, MASTER GAS FITTER, WATER PUMP CONTRACTOR  
7 OR ON SITE UTILITY CONTRACTOR shall sign an agreement assuming responsibility for the  
8 entire plumbing/gas fitting job. The fee for the new permit will be the same cost as the original  
9 permit. The waiting period may be waived upon the agreement of all parties.

10 **§ 202-7. Plans and specifications.**

11 All plans and specifications required herein shall be designed by a registered professional  
12 engineer licensed to do business in the State of Maryland except that a master plumber/gas fitter,  
13 [or] master gas fitter OR ON SITE UTILITY CONTRACTOR registered to do business in  
14 Harford County may design plumbing or gas fitting systems for their own installation. Each set  
15 of plans and specifications submitted shall have thereon the name and address of the designer, and  
16 certification by the designer that the plans and specification have been prepared in accordance with  
17 this chapter. The plans and specifications shall be submitted to the administrative authority and  
18 shall have thereon complete design and calculation criteria.

19 **§ 202-8. Private water systems.**

20 No property served by a private water system shall be directly or indirectly connected to  
21 any public water supply until it is disconnected from its original source of supply, inspected and  
22 approved by the administrative authority, and connected in accordance with the provisions of the

1 Code.

2 **§ 202-9. Inspection of plumbing and gas fitting.**

3 A. The Division of Plumbing Services shall cause the inspection of all plumbing and  
4 gas fitting for which a plumbing or gas permit, other than an annual inspection permit, is required  
5 in Harford County during the course of construction and upon completion of the construction. If  
6 any defects are found, the administrative authority shall have the authority to order such plumbing  
7 or gas fitting to be corrected to comply with the provisions of this Code. It shall be unlawful for  
8 any person to cover or enclose from view any portions of such plumbing or gas fitting prior to the  
9 time that the Division of Plumbing Services has inspected and approved it. The Division of  
10 Plumbing Services shall prepare a written report of all such inspections and will maintain such  
11 report in an appropriate file.

12 B. No potable well water service line or well for potable water supply shall be covered  
13 or enclosed from view prior to inspection by the Division of Plumbing Services. The service line  
14 and all underground fittings connected thereto shall be tested for leaks and overall integrity prior  
15 to covering and enclosing the line.

16 **§ 202-10. Emergency work.**

17 When work of an emergency nature must be performed to rectify a possible health hazard  
18 or dangerous condition, the master plumber/gas fitter, master gas fitter, [or] water pump  
19 contractor, OR ON SITE UTILITY CONTRACTOR, as the case may be, may undertake such  
20 work prior to the issuance of a permit, but it will be his or her responsibility to notify the  
21 administrative authority of the emergency and obtain a permit for doing such work within two [(2)]  
22 working days.

## AS AMENDED

**§ 202-11. Piping through adjacent property.**

Sewer, water and gas piping shall not be connected or installed on a property other than the property to be served. Plumbing or gas piping connections which cannot be made except by the crossing of non-serviced property, may, with the permission of the administrative authority, be carried through a right-of-way or easement across non-serviced property provided that:

A. All privileges of such right-of-way or easement are obtained by the property owner desiring service, without any cost or liability to Harford County;

B. Such easement of right-of-way shall meet all regulatory requirements of the authority having jurisdiction; and

C. Such easement or right-of-way shall be granted and conveyed by formal deed recorded in the land records of Harford County.

**[§ 202-12. Water conservation.**

A. Plumbing shall be designed and adjusted to use the minimum quantity of water consistent with proper performance and cleaning and in conformity with the water conservation requirements established in the Maryland State Plumbing Code.

B. Executive authority. The County Executive may institute measures consistent with councilmanic policy and adopt plans to increase the water supply of the County and decrease consumption such as, but not limited to, requiring the use of fixtures as stated herein, and requiring a limited use of potable water for purposes other than for human consumption and use.]

**§ 202-[13]12. Violations and penalties.**

A. Any person, firm or corporation who individually, collectively, or through others shall construct, erect, alter or repair any plumbing or gas fitting work in violation of any provision

1 of this chapter shall be subject to a misdemeanor charge and upon conviction shall be subject to  
2 a fine of not more than [one thousand dollars (\$1,000[.])] or imprisonment of not more than three  
3 [(3)] months or both. Each day a violation exists shall be considered a separate violation.

4 B. Harford County may also proceed by civil injunction in the enforcement of this  
5 chapter.

6 Section 2. And Be It Further Enacted that this Act shall take effect 60 calendar days from the date  
7 it becomes law.
